- B. The Council, through the Office of Public Works or otherwise, shall have power to pave, repave, surface and resurface, macadamize and remacadamize, curb or recurb any street, section of a street, highway, square and public place and construct or rebuild sewers or provide for other local improvements, and it may determine that the entire cost of any such improvement shall be a general City charge or that the entire cost, or a portion, shall be raised by assessment upon the abutting property or owners; and a portion thereof by the City and what said portions shall be. Any such improvements shall include, if so determined by the Council, street intersections, curbs and gutters, relaying of sidewalks and the required grade, grading and spacing between the sidewalk and curb and such other work as may be incidental or essential to the completed improvement.
- C. The Council may at any time designate any street, highway or public place or any part thereof as one to be paved, repaved, surfaced or resurfaced, macadamized or remacadamized or otherwise improved by curbing or

within which a sewer shall be built or a sewer rebuilt, and it shall thereupon cause plans and specifications to be prepared for such proposed improvement and shall determine whether such improvement to be made wholly as a general City charge on wholly, or partly as a charge or expense upon the abutting properties. After such plans and specifications have been prepared and presented to the Council, it shall order a hearing thereon and shall cause to be published for at least three (3) times during two (2) successive weeks a notice thereof, in the official newspaper of the City. In the event that the Council shall be considering whether all or a portion of the cost of the proposed improvement shall be a charge or expense upon the abutting properties, the Council shall further require notice of the public hearing to be given to each abutting property owner which could be affected, by first-class mail, addressed to the owner at the address for mailing shown on the City's most recent assessment roll. Any person interested shall be entitled to be heard at such meeting, and after said hearing the Council may discontinue the matter of said improvement or it may determine to proceed therewith, and it shall then fix the percentage of the entire cost to be paid as a general City charge and the percentage to be paid by assessment upon the abutting properties or owner or it may determine that the entire cost be paid by the abutting properties or owner. The determination by the Council, whether the improvement to a street, highway or public place is a paving, repaving, surfacing or resurfacing, macadamizing or remacadamizing within the contemplation of this Charter, shall be conclusive.

- D. Such improvement may be done by contract or by the Office of Public Works, as the Council shall prescribe. If it is ordered done by contract, the City Manager or the City Engineer, by direction of the City Manager, shall provide uniform terms and conditions for bidding, fix the security to be given, advertise for sealed proposals, receive, open at the time fixed and tabulate such proposals and report them to the Council, with such recommendation as he/she may have to make. The Council shall designate the kind of improvement and the material to be used and, if a satisfactory proposal is received, may direct the execution of a contract for such improvement, in substantial accord with the plans and specifications for the particular kind of improvement designated.
- E. Upon the completion of plans and specifications for said improvement, the Council shall determine, upon estimates furnished the whole cost thereof and the amount to be paid by the City, if any, and the amount to be borne by local assessment and shall thereupon by resolution direct the City Assessor to proceed to make the assessment for such local improvement and shall cause to be served upon the City Assessor a copy of such resolution certified by the Clerk, together with a statement of the portion of the expense of such improvement to be borne by local assessment upon the property benefited thereby. The Assessor shall, after such local

assessment is ordered, proceed as soon as practicable to make an assessment roll of said local assessment, in which they shall set down, in separate columns and according to the best information obtainable by them, the names of all the owners or occupants of the lands assessed, the Assessor's subdivision thereof, if any, a brief description of the lands to be taxed to each person, giving the approximate area thereof, whether or not it is vacant land and, when practicable, also the street and street number of any building thereon; but if the land be vacant or the building thereon not numbered, then the name of the street or streets on which it fronts, together with the number of linear feet frontage of property upon the street, if any, and the amount of the expense of such local improvements assessed on each piece of property, apportioned as equitably as may be according to the benefit received.

- F. The City Clerk shall publish said assessment roll in the official City newspaper at least once, not less than ten (10) days before presenting the said assessment roll to the Council at its next regular meeting or at a subsequent regular meeting, at which meeting any person interested may appeal to the Council, in writing by first class mail, for the correction of such assessment. If there be no appeal or if there be an appeal and the Council shall decide to dismiss it and if the Council be satisfied as to the regularity of the proceedings upon the assessment, it shall confirm the assessment roll. If there be an appeal which the Council decides to entertain, it shall, at the next regular meeting of the Council, hear such appeal and shall cause the appellant to be duly notified by first class mail. After such hearing the Council shall have power to correct such assessment and to confirm the same as corrected or to annul and set aside the same and direct a new assessment to be made in the manner hereinbefore provided, and the proceedings upon any new assessment shall be the same as provided herein for the original assessment. When confirmed by the Council as herein provided, an assessment shall be final and conclusive on all parties interested.

- G. As soon as the Council has confirmed an assessment for local improvements, a warrant shall be annexed to the assessment roll thereof under the hand of the City Manager and Seal of the City, addressed to the City Comptroller, commanding him/her to collect from the several persons named or the property described in the same assessment roll the several sums levied in said roll, and said roll, with a warrant so annexed, shall be delivered to the City Comptroller; the City Comptroller shall thereupon proceed to collect the several sums levied and assessed in said local assessment roll in the same manner, except as to notice and with the same fees as provided herein for the collection of the City taxes, and all the provisions of this Act relative to the collection of the City taxes and the sale of lands for the nonpayment thereof shall apply to the collection of any such assessment for local improvements, except as herein otherwise provided.

Due notice of such assessment shall be published once in the official newspaper of the City and a statement thereof mailed to each abutting property owner, and the amount due shall be payable in thirty (30) days.

- H. The Council may direct that a part of the cost of such improvement, which is a general City charge, shall be paid from any budget appropriation for street improvements. It may also provide that any abutting owner liable for assessment on account of such improvement be given an opportunity to pay his/her, its or their proper share of such cost after the confirmation of the assessment roll and thereby be relieved from subsequent assessment.
- I. If bonds are issued to finance such improvement in whole or in part, after the issue and sale of such bonds, the Council shall ascertain the total amount of such bonds and interest until the last bond matures and the amount thereof to be paid (1) by the abutting property; excluding, however, any property which may have paid its proper part in advance and order that such amount be assessed as a local improvement upon such abutting property, according to linear foot frontage, as herein provided for local improvements and be paid in substantially equal installments corresponding to the duration of the bonds; (2) by the City, in case any part of the City's share of such entire cost has been included in such bond issue and shall direct that such share be paid in the same number of substantially equal installments, by including one (1) such installment in each year's tax budget thereafter until such issue is paid. Whenever any one (1) of said installments becomes due, the owner of the property assessed may pay any or all assessments remaining unpaid, with accrued interest thereon. Additions of interest shall be made to each due and unpaid installment at the rate of one per centum (1%) per month after such installment shall become due and payable.
- J. Assessments for local improvements shall be made upon the real property adjoining or abutting the same or upon the property benefited as the case may be, including all real property otherwise exempt from taxation.
- K. Installments of assessments for local improvements shall be billed with the City tax bill and shall be paid at the same time and in the same manner as the City tax. At the time each installment becomes due and payable, it shall become a lien upon the property upon or against which it is assessed, and if not paid at the time the next City tax becomes payable it, with all fees and additions, shall be added to such tax against such property and become a part thereof and its payment enforced by action in the City Court or in a court of record or by sale in the same manner as unpaid City taxes.
- L. The share of the abutting property or the assessment against such property

for any local improvement shall be determined according to the linear or foot frontage, or by such other equitable method as shall be determined by the City Council, and each property owner shall pay proportionately to the frontage of his/her or its property upon the street or in accordance with the Council's alternative equitable method. In the case of a pavement or repavement, surfacing or resurfacing or macadamizing or remacadamizing, the quantity thereof chargeable to each property shall be ascertained by measurements from the curbing or curblin in front of each said property to the center line of said street.

- M. Before paving, repaving or macadamizing any street or portion thereof in which a sewer is constructed or a water or gas main is laid, the Council shall make, after notice and failure of the owner or owners of the property adjacent thereto and not having the pipe connections hereinafter designated so to do, pipe connections with said sewer, water or gas main, or either thereof, as the case requires, therefrom to a point two (2) feet beyond the sidewalk side of the curbing at such locations and of such size and dimensions as it may determine. The expense of making any such pipe connections shall be paid to the Comptroller of the City by the property owner, and may be sued for and recovered by an action at law in any court having jurisdiction of an action involving a like amount, in the name of the City of Watertown against the owner(s) of the property on account of which it is made. The cost of such connections shall not be added to the expense of said pavement for the purpose of assessment but shall nevertheless become and be a lien upon the property benefited and may be levied and collected in like manner as City taxes.
- N. Every street surface railroad corporation, so long as it shall continue to use or maintain any of its tracks in any street, avenue or public place in the City, shall have and keep in permanent repair that portion of such street, avenue or public place between the rails of its tracks and two (2) feet in width outside of its tracks, under the supervision of the Office of Public Works, and whenever required by it to do so, and in such manner as it may prescribe. In case of the neglect of any corporation to make pavements or repairs after the expiration of twenty (20) days' notice to do so, the Council may make the same at the expense of such corporation, and it may make such reasonable laws as to the rate of speed, mode and use of tracks and removal of ice and snow as the interest or convenience of the public may require. A corporation whose agents or servants willfully or negligently violate such an ordinance or regulation shall be liable to the City for a penalty not exceeding five hundred dollars (\$500.), to be specified in such laws
- O. The word "expense" as used in connection with paving or macadamizing in this Charter shall be construed to include the expense of curbing, grading, necessary culverts and retaining walls, engineering and other expenses

appertaining to paving or macadamizing whenever such expenses arise in connection with the paving or macadamizing provided for in this Charter.

- P. In case any local assessment shall prove insufficient to pay the expenses of the improvement for which it was made, the Council may direct the City Assessor to make a further assessment for the amount of the deficiency; such further assessment shall be founded on the first assessment roll and the like proceeding shall be had thereon as though it were an original assessment. If on any assessment too large an amount shall be raised, the excess shall be refunded ratably to the then owner of the abutting property so assessed.

- C. Upon completion of the tentative assessment roll, the Assessor shall meet informally with property owners for a minimum of three (3) days, not less than ten (10) days prior to the second Tuesday of February. As a result of these meetings, the Assessor may file verified correction of errors to the tentative roll with the Board of Assessment Review, stipulate to an agreed upon assessment with the complainant per Real Property Tax Law Article 5, as the same may be amended from time to time or make recommendations to the Board of Assessment Review acting on a properly filed complaint.
- D. The Assessor shall make no changes to a filed tentative roll except by the direction of the Board of Assessment Review thereafter.

- E. At least a majority of the members of the Board of Assessment Review shall meet to hear complaints in relation to assessments on the second Tuesday in February in each year. The hours of said hearing shall be for a period of at least four (4) hours, not necessarily continuous, between nine o'clock in the morning and ten o'clock in the evening, but in no event less than two (2) hours after six o'clock in the evening. The Board of Assessment Review may hold as many adjourned hearings as necessary to hear all complaints. When said Board has finished its review, it shall forthwith certify its decisions and determinations, and file the same in the office of the Assessor. It shall be the duty of the Assessor to prepare the assessment roll(s) according to the decisions and determinations of the Board of Assessment Review.

The Board of Assessment Review shall, after said examination, fix the value of the property of the complainant and for that purpose may diminish the assessment thereon. If any such person or his agent or representative shall willfully neglect or refuse to attend and be so examined or to answer any material question put to him, such person shall not be entitled to any reduction of his assessments. Minutes of the examination of every person examined by the Board of Assessment Review upon the hearing of any such complaint shall be taken and filed in the office of the City Clerk.

- G. The Assessor shall immediately, upon the filing with him/her by the Board of Assessment Review of its decisions and determinations, proceed to prepare the final assessment roll for the ensuing year. He/she shall make such changes therein as may be directed by the Board of Assessment Review.

- H. On or before the 31st day of March, the final assessment roll or a certified copy thereof, shall be filed in the office of the City Clerk. The Assessor shall cause a notice to be published once in the official newspaper, that such assessment roll has been finally completed and stating that it has been so filed and will be open to public inspection.

- J. The County Legislature shall equalize the assessment roll with those of the other towns of the County, as required by law, and shall, by resolution, adopted on or before the 15th day of December in each year, ascertain and direct the amount of tax to be levied, assessed and raised in the City of Watertown for County and other lawful purposes within the control of such County Legislature and shall, on or before said date, certify such resolution under the Seal of the County to the Assessor. The Council shall thereupon direct that the amount required by such resolution be levied and the said County tax extended on the assessment rolls for that year by the Assessor as herein provided, together with a sum to be fixed by the Council annually to meet partially the City's obligation to pay for property sold by the City Comptroller for delinquent County tax at the annual tax sale held by the City Comptroller pursuant to the Charter and to meet partially the expenses of the City in carrying out the assessment and tax collection functions for the County tax required of the City. Such amount shall be known as the County tax budget for the City of Watertown and, as levied, assessed and extended on the assessment rolls for the year, shall be raised by tax upon the real property liable to taxation in the City according to the valuations thereof as fixed in said rolls. Such amount or taxes when so levied, assessed and extended shall be known as the "County tax" and shall be due and payable on the 15th day of January in each year.

- K. On or before the first day of May in each year, the trustees of the Roswell P. Flower Memorial Library, Municipal Civil Service Commission and Plumbing Board shall estimate in detail the expenses and the income of their respective departments for the next fiscal year, together with an estimate of the balance which may remain in any fund in their respective departments at the close of the fiscal year and shall certify such estimate to the Council. All other City departments and officials shall at the same time submit like estimates to the City Manager. The Council shall also make a detailed statement by items of all other expenses of the City as estimated by it for the next fiscal year. At the last regular or special meeting in May, the Council shall pass upon such estimates. At that meeting or at any meeting to which an adjournment may be had, it shall revise such estimates and determine the entire amount necessary to be raised to defray the expenses of the City for the ensuing fiscal year. Such estimates shall be known as the "City tax" budget. The several amounts therein named shall be levied, assessed and extended upon the assessment rolls for the ensuing fiscal year and raised by a tax upon the real property liable to taxation in the City according to the valuations thereof as fixed in such rolls at the time and in the manner

herein provided. Such amount or taxes so levied, assessed and extended shall be known as the "City tax" and shall be due and payable on the fifth (5th) day of July in each year.

- L. The rolls upon which such assessments are made, herein called and known as "assessment rolls," shall be prepared so as to conform so far as practicable with the general requirements of law. The Council may direct and prescribe how and in what manner the same shall be done and when completed.
- M. When the Assessor shall have apportioned and extended any tax on such assessment roll, as directed, and completed the same, he/she shall forthwith present the same to the City Manager, and when approved by the City Manager, a warrant shall be annexed thereto signed by the City Manager and the City Clerk in substance commanding the City Comptroller or such officer as may be designated to receive, levy and collect the several sums in said assessment rolls specified as assessed and taxed against the persons or property therein described and named with such fee, percentage, penalty or interest or either as in this Act provided, in the manner provided by law for the collection and levying of County taxes by town collectors. The completed roll containing the City tax, apportioned and extended as aforesaid, shall be delivered to the Comptroller on or before the 20th day of June, or as soon thereafter as reasonably practicable in each year. The completed roll, containing the County tax so apportioned and extended, shall be delivered to the Comptroller on or before the first day of January in each year or as soon thereafter as reasonably practicable.
- N. At any time after the completion of any assessment or tax roll, whether the same be for a general tax or local improvement, the assessment(s) and/or tax roll may be corrected as authorized by, and in accordance with, the provisions of NY Real Property Tax Law, as the same may be amended from time to time.
- O. Every tax levied, assessed or extended upon any roll shall become delinquent, if not paid within one (1) month after the same becomes due and payable, and thereafter there shall be added to such tax a penalty of five per centum (5%) of the amount thereof, together with one per centum (1%) of such amount for the first month of delinquency or part thereof and thereafter with one-half of one per centum (1/2 of 1%) per month or part thereof, to be collected by the City Comptroller at the time such tax is paid. Such addition or penalty shall belong to the City.
- P. Upon receiving the tax or assessment rolls for the City and County taxes and each and every one of them, the City Comptroller shall cause a notice to be published in the official and all the daily newspapers published in the City once a week for four (4) weeks, beginning respectively as follows; City tax beginning the fifth day of July; County tax beginning the 15th day of

January. Such notice will state and shall be to the effect that the City Comptroller will attend at his/her office with said roll and warrant during the month stated and that he/she will receive payment of such tax at his/her office on each business day of the month from 9:00 a.m. to 4:00 p.m. such notice, when so published, shall be deemed to be a personal demand upon each and every person, corporation and association upon such roll for the payment of the tax as assessed. The Council may direct the City Comptroller or the Assessor to send to each person, association or corporation whose name appears upon any tax or assessment roll, an advance statement of the amount of such tax or assessment in such form as may be prescribed.

- Q. The Council shall have the power to extend the time for the collection of any tax or assessment for local improvements, for such period as it may deem advisable, and to postpone or regulate the time for the collection of penalties or additions for delinquent taxes. It may also postpone and change the date when either the City tax or County tax shall become due and payable if in its judgment such postponement is desirable or warranted by reason of any unusual delay in the preparation of assessment rolls, budgets, extension of taxes or the giving of any notice to property owners directed by the Council, or by reason of the failure of the County Legislature to certify the amount of tax to be levied for County purposes at the time provided for by this Charter.
- R. All and each of the taxes or assessments paid during the month of the publication of the City Comptroller's notice, as provided for by this Charter, shall be payable without penalty or interest; provided, however, that upon County taxes, the City Comptroller shall be entitled to receive and shall collect for the benefit of the City the same fees as are received by and paid to town collectors pursuant to the provisions of the Tax Law of the State of New York; said fees so collected by the City Comptroller shall belong to the City and shall be deposited by him in the general City fund. On May 1 of each year, the City Comptroller shall prepare a statement of all taxes outstanding and unpaid on the City and County tax rolls and combine and assemble the same to show the total outstanding against each piece of property; thereafter such statement shall be known as the "total tax" unpaid. Upon payment of any tax in such statement and before advertisement of sale as herein provided, the same addition shall be charged for collector's fees paid thereon and penalties and interest as if such tax were separate. During the first ten (10) days in the month of May each year, the City Comptroller shall mail to each delinquent taxpayer a notice in writing stating the taxes unpaid and the amounts thereof assessed and levied against said taxpayer and the fees, interest and penalties that are due thereon on the first day of May of that year, as the same are fixed by Paragraph O. of this Charter. Said written notice shall also contain the statement that, unless said tax, penalty, interest and fee is paid to the City Comptroller on or before the first day of the following June, the lands upon

which the same were imposed will be sold for the payment of such tax, penalty, interest or fee or the part remaining unpaid. The expenses of such sale shall be a charge upon such lands so sold.

- S. The Comptroller shall give a receipt for each and all payments of City or County tax.
- T. It shall be the duty of the City Comptroller to pay over to the County Treasurer, at the end of each week during the month in which said County taxes are collected, all the money he/she shall have then received for taxes for County purposes, and on the first day of March of each year, the City Comptroller, unless otherwise directed by the Council, shall pay over to the County Treasurer the balance of the County tax budget, and, thereafter, all County taxes remaining outstanding and uncollected with all fees, additions and penalties shall be and become the property of the City, and the City Comptroller shall not be required to make any return of unpaid taxes to the County Treasurer or to surrender the roll or warrant to him/her. Any such unpaid County taxes shall be enforced and collected in the manner provided for the collection of City taxes, and any and all sums thus collected shall be placed in the general City fund.
- U. If any tax or assessment appearing upon the County tax roll, the money for which tax the City has paid or credited to the County Treasurer, is for any reason uncollectible because of error, illegality or other cause, a record of the amount of such uncollective taxes or assessments, so paid or credited by the City, shall be kept by the City Comptroller and reported each year to the Council. The Council may direct that such amount of uncollectible tax be added to the amount of the next County tax budget, when reported to it, and be levied, extended and collected with such budget amount; when collected, such amount shall be credited to the City and placed in the general City fund.
- V. The assessment roll and warrant shall be delivered to the Comptroller who shall then be charged with the whole amount which the said roll and warrant delivered to him/her authorized him/her to collect; and whenever any payment for County taxes shall be made, as herein provided, by the City Comptroller to the County Treasurer, the Comptroller of the City shall stand charged with the same. The Council may thereupon order and authorize said Comptroller to credit himself/herself with the whole or any part of said tax or assessment unpaid, and the Comptroller shall be credited only with such amount as the Council shall so order. But no such settlement or any settlement had by the Council or by any City officer as to any tax or assessment shall be final or conclusive; and no bond or other security given by any Treasurer or Comptroller shall be invalidated by or canceled on any such settlement but shall remain in full force and be held for one (1) year thereafter by the City.

- W. All taxes and assessments remaining unpaid for thirty (30) days after the last day upon which the same are payable may be sued for by the City and recovered in an action against any person liable therefor, but the judgment in such action in favor of the City shall not operate to release any lien of such taxes or assessments until satisfied. The owner of real property, or an interest therein, if his name is correctly entered on the roll, shall be personally liable for taxes levied therein. The owner of real property shall include persons regardless of where they reside or conduct business.
- X. On or before the 15th day of April next after any tax shall have been imposed upon any real estate in said City, the Comptroller shall make and deliver to the Assessor a transcript of any and all such taxes which remain unpaid, and it shall be the duty of the Assessor, on or before the first day of May thereafter, to make and deliver to the Comptroller a statement containing a brief general description of the location, boundary and estimated quantity of each parcel of said lands, and in case any such lands shall have been erroneously assessed, then it shall be the duty of such officer to make and include in said statement a corrected assessment at the same valuation as before, and the Assessor shall also have power, and it shall be his/her duty, to insert in such revised roll any real estate in the City which may have been omitted in the general roll and assess said real estate in such corrected assessment roll at its value at the time the original assessment was made, as such value may be determined by him/her as provided by the NY Real Property Tax Law, as the same may be amended from time to time.
- Y. The Council shall have all the powers in relation to the correction or otherwise of the City assessment rolls that County Legislature have or may have by statute in the case of town assessment rolls and town or County taxes, and such powers shall be exercised in the same manner as they are or may be exercised by the County Legislature.
- Z. Whenever any tax, penalty, interest or fee or any part of either of them shall remain unpaid on the first day of June, the Comptroller shall proceed to advertise and sell the lands, upon which the same was imposed, for the payment of such tax, penalty, interest or fee or the part remaining unpaid, and the expense of such sale, as hereinafter prescribed, shall also be a charge upon such lands.
- AA. The Comptroller shall, immediately after the said first day of June, cause to be published once in each week, for three (3) successive weeks, in the official newspaper published in the City, a list or statement of the parcels of land charged with any unpaid tax, penalty and interest and fee as may be shown by the total tax statement, describing each parcel according to the descriptions required by this Act, with a notice that each of the said parcels

of land will, on a day to be specified in such notice, be sold at public auction at a place in the City therein specified, to discharge the tax, penalty, interest or fee and the expenses of sale, which shall be due thereon at the time of the sale. In advertising on resident lots or plot of lots "owners unknown," to be sold for the nonpayment of taxes and assessments or water rents, the City Comptroller may advertise all the lots belonging to the same plot or purchase in one (1) parcel. The charge for publishing said notice shall be the printer's legal rate as fixed by statute for each piece or lot of land described in said notice. On the day and at the place stated in said notice, the Comptroller shall commence the sale of said parcels of land and shall continue the sale from day to day until all shall be disposed of.

- BB. The said City tax and County tax shall from the time a warrant for the collection of each, respectively, is delivered to the City Comptroller, be and become a lien upon the lands, property or person upon which the same and each thereof is assessed and taxed. Each installment of an assessment for a local improvement shall likewise become a lien upon the lands thus assessed from the time when such assessment becomes due and payable.
- CC. The purchasers on such sales shall pay the amounts of their respective bids to the Comptroller immediately after each parcel shall be struck off. In case a purchaser shall fail to pay the amount of his/her bid, as herein prescribed, the Comptroller shall forthwith offer the parcel for sale again and proceed as though it had not been struck off. Should there be no bid of the amount due on any lot or parcel of land to be sold, then the Comptroller shall bid in the same for the City, and the City is hereby authorized to acquire said parcels, and the Council shall have the care and control of all such parcels and may lease or sell and convey the same. As soon as practicable after the sale, the Comptroller shall prepare and execute in duplicate, as to each parcel sold, a certificate of such sale, describing the parcel purchased by a brief general description of the location, boundary and estimated quantity thereof and stating the fact of the sale, the name of the purchaser, the sum paid therefor, the amount due thereon at the time of the sale, that no interest shall be paid on the sum paid therefor in excess of the amount due at the time of the sale, the name of the person or persons against whom such tax was assessed and the name of the reputed owner thereof. One (1) of said duplicates shall be delivered to the purchaser or, in case the parcel was struck off to the City, then it shall be retained by the Comptroller. The Comptroller shall deliver the other duplicate certificate to the Clerk of the County of Jefferson, who shall file said certificate in his/her office and record the same in a book to be kept in said Clerk's office for that purpose and shall index the certificate in the name of the person to whom the parcel was assessed, the name of the reputed owner thereof and in the name of the purchaser, in the same book and manner as deeds are required by law to be indexed. The County Clerk shall be entitled to receive a fee of fifty cents

(\$0.50) for each certificate filed and recorded, which fee shall be paid by the Comptroller and shall be a part of the expenses of the sale of the parcel.

- DD. If from any cause the Comptroller shall be unable to attend at the time and place of sale, the City Clerk may conduct the sale with the same force and effect as though made by the Comptroller.
- EE. The owner of, or any person interested in or having a lien upon, any parcel or lot so sold may redeem the same from such sale at any time within two (2) years by paying to the Comptroller, for the use of the purchaser or his assigns or if the same shall have been redeemed by any person other than the owner thereof, then for the use of such person, the amount due at the time of sale, with interest thereon at the rate of twelve per centum (12%) per annum from the date of sale, together with any tax, assessment or water rate upon said parcel or any part thereof that the said purchaser or assigns or persons, before redeeming, shall have paid between the day of sale and the day of redemption, with interest at the rate of twelve per centum (12%) per annum upon such tax assessment or water rate, from the time of payment. No interest shall be paid by anyone on the sum paid to the City Comptroller for a tax certificate in excess of the amount due at the time of the sale plus the expenses of such sale.
- FF. The proceeds of the sale of each parcel, other than those struck off to the City, shall be applied to the payment of the expenses of the sale as herein provided and to the extinguishment of the tax, penalty or interest for which it was sold, and if there shall be any residue, the Comptroller shall hold the same, without interest, until the owner of the premises at the time of such sale shall redeem the same from the sale as herein provided, and if so redeemed by said owner, the Comptroller shall thereupon pay to the purchaser of said premises at such sale the surplus, without interest, in excess of the amount due the City for taxes, penalty, interest and expense. And if there be any dispute or uncertainty as to such owner of the premises at the time of such sale, such owner shall be ascertained in the same manner and by the same proceedings as in case of surplus on foreclosure of a mortgage on real estate. In case of redemption by a party other than the owner, the Comptroller shall hold the surplus, without interest, until after the period of redemption shall have expired and then he shall pay such surplus, without interest, and the person or persons entitled thereto shall be ascertained in the same manner and by the same proceedings as in case of surplus on foreclosure of a mortgage on real estate.
- GG. At least three (3) months before the expiration of the time for the final redemption of any parcel or lots so sold, the Comptroller shall commence the publication of a notice of redemption from such sales, which shall show the year when the sale took place, and the last day for the redemption of the lands not already redeemed by the owners, without other or further

description, and such notice shall be published at least once a week for three (3) successive weeks in the official newspaper of said City. The publication of such notice shall bar and preclude any and all persons, except the purchaser on such sale or his heirs or assigns or the person finally redeeming, from claiming any interest in or lien upon said lands or any part thereof, in case the said lands shall not be redeemed from such sale as herein provided.

- HH. If any parcel or lot so sold shall not be redeemed as herein provided, the Comptroller, as soon as is reasonably practicable after the expiration of said two (2) years, may execute and deliver to the purchaser, his/her heirs or assigns or to the City or its assigns or to the person finally redeeming, as the case may be, a conveyance of the real estate so sold, which conveyance shall vest in the grantee an estate in fee, subject only to the liens, if any of unpaid taxes, assessments or water rates thereon. The Comptroller executing such conveyance shall be entitled to demand and receive from any grantee, except the City, fifty dollars (\$50) for preparing every such conveyance, but all such purchases made for the City in any year shall be included in one (1) conveyance. The grantee shall promptly record the deed with the Jefferson County Clerk. Alternatively, as soon as is reasonably practicable after the expiration of said two (2) years, where the City is the holder of the certificate of sale, the Comptroller may instruct the County Clerk to cancel the certificate of sale by a proper entry at the foot of the record of such certificate in his/her office and sue for the full amount due on the real estate as determined by the last day for redemption in the name of the City, and recover in an action against any person(s) liable therefor. A judgment in such action in favor of the City shall not operate to release any lien of such amount due on the real estate until fully satisfied. The owner of real property, or an interest therein, if his/her name is correctly entered on the roll, shall be personally liable for taxes levied therein. The owner of real property shall include persons regardless of where they reside or conduct business.
- II. Such conveyance shall be executed by the Comptroller, and the execution thereof shall be acknowledged before some officer authorized to take and certify acknowledgments of instruments for record in said County. Every tax deed given by the Comptroller shall be presumptive evidence that the proceeding and all proceedings therein and all proceedings prior hereto from and including the assessment of the real property affected and all notices required by law were regular and in accordance with all provisions of law relating thereto. After two (2) years from the date of the recording of such deed, the presumption shall be conclusive. No proceedings to set aside such deed may be maintained unless the proceeding is commenced and a Notice of Pendency of the proceeding is filed in the office of the Jefferson County Clerk prior to the time that the presumption becomes conclusive.

- JJ. The grantor, the City or their assigns, as the case may be, shall be entitled to have and possess the granted lands from and after the execution of such conveyance and may cause the occupants of such lands to be removed therefrom and the possession thereof delivered to them in the same manner and by the same proceedings and by and before the same officers as in the case of a tenant holding over after the expiration of his/her term without permission of his/her landlord.
- KK. Whenever any grantee under any sale shall be unable to obtain possession of the lands conveyed to him by reason of any error or irregularity in the assessment of any person or property or in the levying of a tax or any proceedings for collection of any tax, the Council shall refund to the purchaser the money so paid with interest, the same to be audited and paid as other City charges.
- LL. After the City shall have acquired the title to any lands sold for taxes, such lands shall be exempt from all taxes as provided by the NY Real Property Tax Law.
- MM. Whenever any assessment, water rate or lien upon real estate under this Charter, except taxes, shall have remained unpaid in whole or in part for four (4) months from the date when the same became a lien, the Council may direct the Comptroller to sell the land upon which such lien exists, and the Comptroller shall thereupon make and deliver to the Assessor a statement thereof, and the Assessor shall make and deliver to the Comptroller a description of such lands as hereinbefore provided, and he/she shall forthwith proceed to advertise and sell said lands in the same manner as in case of unpaid taxes, and all the provisions of this Charter as to such sales shall apply.
- NN. In case of the redemption of any lands sold for taxes, as herein provided, by the person who was the owner thereof at the time of the sale, the Comptroller shall give such owner a receipt for the amount paid by him/her to effect such redemption, and on the production thereof by such owner to him/her, the County Clerk shall cancel the certificate of sale by a proper entry at the foot of the record of such certificate in his/her office.
- OO. Whenever any assessment for any local improvement shall have been imposed under the provision of this Charter, upon any real estate in the City, it shall be lawful, at any time within the period fixed for the payment of said assessment, for the owner(s) of said real estate, to file with the Comptroller a written application that the City shall assign and transfer to such person(s) as said owner(s), the assessment in question and the right of the City to recover of such owner(s) and from said real estate, the amount of said assessment and interest thereon in which application such owner(s) shall expressly waive all defenses to such assessment, which waiver shall be

conclusive against such real estate. Upon the filing of such application and the payment to the City of the full amount of such assessment with interest thereon due, the City Comptroller shall execute and deliver to said person(s) named by said owner(s), a proper instrument in writing, selling, assigning and transferring to such person(s) the assessment imposed upon the real estate in said application described and all the right of such City to recover from said owner(s) from or out of the said real estate the amount of said assessment and any interest thereon; and, further, transferring and assigning to said assignee(s) the lien of such City upon such real estate by reason of said assessment. The amount of such assessment shall, from the date of said transfer, bear interest at such lawful rate and be payable at such time as may be agreed upon between said owner(s) and said assignee(s), by an agreement or by successive agreements endorsed upon said assignment and transfer or upon any subsequent assignment thereof. After the execution of such written instrument of assignment or transfer, the lien of said assessment theretofore existing in favor of the City upon said real estate shall continue to exist in favor of such assignee(s) or his or their legal representatives or assigns, providing, however, that said lien shall terminate at the end of three (3) years after the date when said assessment or any installment thereof becomes due, unless an action for the foreclosure thereof shall be sooner brought and a notice of the pendency of said action filed in the Clerk's office of Jefferson County. The holder of such assignment or transfer shall, upon default in the payment of the amount of said assessment and interest, at the time agreed upon, have the right to collect the amount due and enforce his said lien by an action for the foreclosure thereof.

- PP. There shall be kept by the City Comptroller in his/her office a book in which shall be kept a record of all assessments so assigned, containing a transcript of the assessment from the original assessment roll, the name of the person(s) who, as owner, made the application for the assignment, the date of the assignment and the name of the assignee(s). Such record shall be indexed in the name of the person(s) against whom the assessment was made and in the name of the person(s) making the application for the assignment. Upon making such assignment, the Comptroller shall mark upon the original assessment roll, opposite the assessment so assigned, a statement that such assessment has been assigned, the name of the assignee(s) and a reference to the record thereof in the aforesaid book. A note of any subsequent assignment, if any, by such assignee(s), shall be made by the Comptroller and a record thereof in said record book, and such assignment shall be filed with the Comptroller. On the filing with the Comptroller of a satisfaction piece, properly executed by the original assignee(s) or by his/her or their legal representatives or assigns showing the payment of said assessment and all interest thereon, he/she shall thereupon mark opposite said record in said book the words "satisfied of record."

The income from water and sewer rates, rents and charges and the proceeds from the sale of water or sewer bonds shall be kept separate and apart from other City funds and revenues and shall be used only for the upkeep, maintenance, extension and benefit of the distinct system (i.e. water revenue to be used for water and sewer revenue to be used for sewer).

All such claims, if disputed, and all claims for injuries or damage resulting from the alleged negligence of the City or any of its officers, shall be referred to the Board of Audit. The Board of Audit shall examine into such disputed claim(s) for damage resulting from the alleged negligence as speedily as practicable, and said Board shall have power to allow or disallow said claims and in case the claim(s) be allowed to direct payment of the same. The Board of Audit shall have power to investigate and audit the accounts of every officer and board of the City, shall have access to books and accounts kept by any official or board of the City and may compel the attendance

The City Council and every department and board of said City are hereby forbidden to grant any extra compensation to any salaried officer, and it shall be a misdemeanor to grant or attempt to grant the same or for the City Comptroller to pay the same if granted.
